Director's Message

Anna Angel High School & Little Angel Academy runs under the able guidance and personal supervision of the hon'ble Dr. Qamar Khan. Late Anna Khan is the founder of the school. As both have devoted their precious times for school. Dr. Qamar Khan is cardiologist in USA. He kept on going ahead day by day and never looked back. With his hard work and constant perseverance, he achieved many rewards. His experience are beneficial in the modern education system.

Children are the angel on this earth, they lack understanding. It is essential to bring their minds to proper tune by new device and psychological approach. "Angelic infancy" is a stage when proper training is needed to be given. This is the view of ANNA KHAN, so with this view the school Little Angel Academy came into being in 1995. We started the second branch of this school in 2003 situated in Qilaghat, DBG. Again in 2008 Little Angel Academy, Bhigo with a new name Anna Angel High School, Bhigo.

Our motto is not only to impart bookish knowledge but to shape and develop a child's overall personality. Out of 100% of the educational information given only 20% is carried forward in the life, while 80% role in the success is played by the personality of a child. So, great emphasis is consciously laid in building distinctive personality of the students through adequate amount of sports, scientific/cultural and extra-curricular activities; all through the ideology of Qamar Khan, Bobby Khan and Arashad Khan.

According to a famous philosopher education is just like a water-fall in which some people fulfills their thirst but some people only washes faces and hands and move forward. Our basic aim is inspired and based on his thought. We do all necessary arrangements so that burst form inside and becomes the leaders not the followers.

We prepare the children diligently for the life after school. After finishing school, the child goes out into the wider world where he has to make intelligent but difficult choices. Usually the child is confused and sometimes terrified. Our students are groomed so well for this eventuality that they are no longer afraid of his new environment. They are been trained to harness that fear and turn it into their advantage. They are helped in recognizing their potentialities and move ahead in right direction with full steam without having any doubt about their capabilities or the success. They are not afraid of the future. We follow the principle of our hon'ble Dr. Qamar Khan, who has rightly quoted that "भागो नहीं भाग्य को बदलो" and the keeps ingrained in the minds of our students forever.

So, trust us with the hand of your child into our hands and see him/her bloom into a beautiful flower of prosperous India, whose fragrance will soon spread all the four corner of the earth.

Allah Hafiz.

UMAR KHAN
Director

/ Maroon V-necked pullover or blazer (For Winter)	/ White ribbon
	/ maroon cardigan/ pullover or blazer (for winter)

LABORATORY

The school is well-equipped with all necessary items in ample number and quantity to meet the both ends of the students. The practical classes have been provisioned in the daily routine for the students. Sometimes teachers perform experiments in the laboratory to ward off the anomalous perception of any topic existing in children's mind. The practical classes are conducted to make the subject interesting and to create transparency in the method of teaching. It helps interact students and teachers each other to explore into scientific facts relating Physics, Chemistry and Biology and make the subject conceptual. Kids are taught with the help of Audio-Visual aids.

LIBRARY

The library is an integral part of a good methodological teaching. The school has good and comprehensive numbers of value-based and qualitative books in the library. The library has all kinds of books which could serve the purpose of the students. Here the books range from English literature to science, dictionaries on different subjects, Encyclopedia, educative and political magazines to make the children informed by

updated phenomenon. Students are provided with library cards to avail the facility and to get advantage of library.

COMPUTER EDUCATION

Keeping the need of the time in mind, we have made arrangement and installed latest computers with different modern softwares to make the students well-versed in computer skill. This is a spiritual and an inextricable idea, hence the computer courses have been made compulsory from Std.1 onward. Not only this, students are also given opportunity to do practical programming. They are also encouraged to have their own Internet ID.

AWARDS:

To inculcate healthy spirit of competition, among the students awards time to time every year, for distinction in academic, sports and other co-curricular activities.

Cultural Programme

The school has sufficient items for conducting cultural programmes from time to time. The aim of the school are to provide best possible opportunities to its students to demonstrate their talent.

We send our students to participate in different competitions organised at district level as well as state level.

S.U.P.W:(Socially Useful Productive Work)

S.U.P.W. activities include craft-work, needle-work, model making, class-decoration, book-binding and plantation etc. These activities help the students to imbibe aesthetic values of life and enrich creative and imaginative powers.

GAMES AND PHYSICAL EDUCATION:

Facility for indoor and out-door games such as cricket, football, basket ball, badminton, chess, carom etc. and athletics is being provided along with elaborate arrangement for physical education. Games and physical education are compulsory for the students under the guidance of trained physical instructors. Mass drill is held on every Saturday.

SPORTS & GAMES

Physical training is an integral part of education. The real aim of education can be achieved by all round development of child for which a physical and health education can not be ignored or neglected. Accordingly, we have strengthened and equipped our physical and health education wing so as to undertake regular physical training programmes with great emphasis on sports participation. The existing playground has been upgraded to accommodate various types of games, such as Basketball, Cricket, Football etc. Interhouse tournaments are organized time-to-time to bring out the display and strength and stamina of the students. Special training is being

provided by the school through specially trained physical instructor. A mass P.T. is organized after the morning assembly once or twice a week.

COMMUNICATION:

All communication to the school should be addressed to:

The principal
Anna Angel High School
Little Angel Academy
Quilaghat, Bhigo, Darbhanga
(Bihar) Pin. 846004
Ph. : 06272-250767

OUR PRINCIPLES

- We avoid all negative education.
- We inspire education rather than schooling children.
- We learn to fly but we must learn to move on the earth first.
- He, who hates children, hates God.
- Your child needs preceptors not teacher.
- We need knowledge rather than information.
- What we do is more significant than what we think.
- We should start a good work on our own.
- Character is built from our inner soul rather than imposed discipline.
- A country do not require a good speaker but only those who can work well.

- हमारा ध्येय नकारात्मक शिक्षा का परित्याग।
- शिक्षा से अधिक शिक्षा के महत्व को प्रोत्साहन।
- हम उड़ना चाहते हैं परन्तु हमारा पहला कदम ज़मीन पर होना चाहिए।
- वह जो, बच्चों से घृणा करते हैं ईश्वर उनसे घृणा करते हैं।
- बच्चों को शिक्षक से अधिक योग्य उपदेशक की आवश्यकता है।
- हमें सूचनाएँ नहीं, ज्ञान चाहिए।
- सोचा हुआ नहीं, किया हुआ काम आता है।
- प्रत्येक अच्छा काम पहले स्वयं शुरू करना चाहिए।
- थोपे हुए अनुशासन से नहीं, बच्चों की अन्तःप्रेरणा से चरित्र बनता है।
- राष्ट्र को भाषण देने वालों की नहीं, काम करने वालों की आवश्यकता है।

- हमारा مقصد منفی تعلیم کو مسترد کرنا۔
- تعلیم سے زیادہ تعلیم کی اہمیت کو ترجیح دینا۔
- ہم اڑنا چاہتے ہیں لیکن ہمارا پہلا قدم زمین پر ہونا چاہئے۔
- وہ جو بچوں سے نفرت کرتے ہیں، خدا ان سے نفرت کرتے ہیں۔
- بچوں کو اساتذہ سے زیادہ اچھے مربی کی ضرورت ہے۔
- ہمیں اطلاعات نہیں چاہئے۔
- سوچا ہوا نہیں، کیا ہوا کام آتا ہے۔
- ہر اچھا کام پہلے خود شروع کرنا چاہئے۔
- مسلط کی ہوئی تہذیب سے نہیں، بچوں کی اندرونی صلاحیت سے ان کا کردار بنتا ہے۔
- ملک کو تقریر کرنے والوں کی نہیں، کام کرنے والوں کی ضرورت ہے۔
